Everything you need to grow

**syngenta**

Join Matt Legg, Syngenta Ontario Turf Specialist, over a short lunch break, as he breaks down how easy and efficient it is to build your own value adding Spring bundles on the Greencast.ca platform.

In a climate full of economic constraints, the benefits of bundle programs will be exemplified with on-demand examples.

Attendees will learn how to locate, create and save their bundle calculator, while realizing the potential savings on Syngenta turf brands.
