

Beneficial Insectary

PROVIDING A NATURAL BALANCE IN PEST MANAGEMENT

Letter of Assurance

We at Beneficial Insectary want you to be assured that the supplies we deliver, including the carrier and food sources, are in compliance with the requirements of the Good Manufacturing Practices of a certified Food Safety Program

This Letter of Assurance guarantees that these supplies are controlled and meet the following conditions of a continuously monitored Food Safety Program.

- Approved for the purchase and use by the Canadian Food Inspection Agency.
- Checked upon receipt that the supplies meet your order specifications.
- Supplies are stored in our facilities under conditions to minimize hazardous contamination.
- All products are transported and delivered to you under conditions to minimize hazardous conditions.
- Products do not contain any genetically modified organisms.
