

Safety Data Sheet<sup>1</sup>

## 1. Product Identification

Trade name: Nutrimite  
Application of the substance: Food supplement for predatory mites  
Supplier: Biobest NV  
Ilse Velden 18  
2260 Westerlo  
Belgium  
Tel: +32 14 25.79.80  
Fax: +32 14 25.79.82  
E-mail: [info@biobest.be](mailto:info@biobest.be)  
[www.biobest.be](http://www.biobest.be)

## 2. Composition &amp; Information on Ingredients

Typha spp. pollen

## 3. Hazards Identification

Hazard description: Not applicable  
Information concerning particular hazards for human & environment: Not applicable

## 4. First Aid Measures

General information: No special measurements required  
After inhalation: No special measurements required  
After skin Contact: Generally the product does not irritate the skin  
After eye contact: Rinse opened eye for several minutes under running water  
After swallowing: If symptoms persist, consult doctor

## 5. Fire Fighting Measures

Suitable extinguishing agents: CO<sub>2</sub>, powder or water spray. Fight larger fires with water spray or alcohol resistant foam

Protective equipment: No special measures required.

---

<sup>1</sup> This product is not considered dangerous and therefore does not require a Safety data sheet. The information provided on this sheet is for information only.

## 6. Accidental Release Measures

Person-related safety precautions:	Not required
Measures for environmental protection:	No special measures required
Measures for cleaning / collecting:	Pick up mechanically
Additional information:	No dangerous substances are released

## 7. Handling & Storage

Handling: Avoid contact with skin, eyes and clothing. Cover mouth with a dust mask and protect eyes with goggles.

Information about storage conditions: Can be stored for 2 years at -18°C (0,4°F) when the frozen chain remains uninterrupted. Once defrosted, maintain refrigerated and use within 1-2 days. Do not refreeze. Before using the product, defrost to temperature above 0°C.

## 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the workplace: Not required.

Respiratory protection: Cover mouth with a dust mask.

Eye protection: Protect eyes with goggles.

## 9. Physical Properties

General information:

Form:	Solid, powdery
Colour:	Yellow
Odour:	Characteristic

Flammability: Product is not flammable

Danger of explosion: Product does not present an explosion hazard

Density at 20°C: 0,486g/cm<sup>3</sup>

## 10. Stability and Reactivity

Thermal decomposition: No decomposition if used according to specifications

Dangerous reactions: No dangerous reactions known

Dangerous decomposition products: No dangerous decomposition products known

## 11. Toxicological Information

On the skin:	No irritating effect
On the eye:	No irritating effect
Sensitization:	No sensitizing effect known

Additional toxicological information: When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided us.

The substance is not subject to classification according to the latest version of the EU lists.

## 12. Ecological Information

General notes: Generally not hazardous for water

## 13. Disposal Considerations

Recommendation: Disposal must be made according to official regulations

## 14. Transport Information

Marine pollutant: No

## 15. Regulatory Information

Labelling according to EU guidelines: The substance is not subject to classification according to EU lists and other sources of literature known to us.

## 16. Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
