RE: Status of inert ingredients/formulants in PRESTOP® WG

To Whom It May Concern:

With this letter we hereby certify that our biofungicide **PRESTOP® WG** (Active Ingredient: *Gliocladium catenulatum* J1446) contains only inert ingredients/formulants that are classified by the Pest Management Regulatory Agency (PMRA) in Regulatory Note REG2007-04 as List 4A or 4B.
